Heart of the City

Making A Difference . . .

"Vision without action is a dream.
Action without vision is simply passing the time.
Action with vision is making a positive difference."
~Joel Barker

Our Mission

To advocate for sustainable change and promote the public good by working with government and other citizens in the visioning and planning of our communities.

Our Vision

Heart of the City encourages sustainable development, the preservation of existing and treasured civic characteristics, and active participation of the citizenry.

Meetings are held on the second Monday of each month, 7 pm. Check the website for meeting location, past minutes, and updates. www.heartofthecity.us

Heart of the City has speakers available with a 20-60 minute presentation for meetings. Contact HeartOfFort@gmail.com to schedule a speaker for your next meeting.

Guiding Precepts:

We believe each member of the community is a stakeholder in the decisions affecting the community.

Successful communities have governments that encourage and facilitate citizen participation in issues of visioning and development. Citizens exercise their right to become informed and involved.

Successful communities develop policies and practices that ultimately:

*Eliminate our community's contribution to fossil fuel dependence and wasteful use of scarce metals and minerals.

*Eliminate our community's contribution to dependence upon persistent chemicals and wasteful use of synthetic substances.

*Eliminate our community's contribution to encroachment upon land, water, wildlife, forests, soils and ecosystems.

*Meet human needs fairly and efficiently – meeting basic needs for clean air, water, food and shelter before provision of luxuries.
